

Free Intermediate/Advanced Lessons

The Unit-207-sponsored Lecture Series continues.

The next lecture will be at **noon on Saturday, June 3 at the BCA** . Paul Tobias' lecture will be entitled:

“How to Play Some Common Card Holdings on Defense and as a Declarer”

There are many situations where leading or playing the right card from the right hand can maximize your chances of success. These can occur on both offense and defense. Some of the cases discussed will be familiar and others may be new to you. The emphasis will be on the thought process you can employ as a guide rather than the daunting task of trying to memorize what to play in every case.

Help the Lecturers out by sending your recommended topics to [Tracy Bruce](#). They would like to know what topics could help with your game.
